[NOTE: Sir Charles Hedgehog/Uncle Chuck will be noted as "CHUCK" in this transcript]

Opening Scene: Robotropolis, Night Time & Raining

CHUCK: Come on, Dulcy.

DULCY: Goin' down, Sally!

SALLY: Whoa!

CHUCK: Come on...straighten it out.

DULCY: Hold on, Sally!

SALLY: Don't worry.

DULCY & SALLY: Whoa!

DULCY: Sorry.

rain stops

DULCY: (to herself) Not too shabby.

DULCY: You okay, Sally? Sally?

SALLY: *groans* If you don't count my stomach.

CHUCK: Are you girls all right?

DULCY: We're fine, Uncle Chuck.

CHUCK: Thanks for getting here so fast.

SALLY: What's wrong?

CHUCK: It's all on here.

Chuck gives a disk to Sally.

SNIVELY (via recording): We're very close to finding the first Drood Henge scroll, Sir. Yes, Sir.

DULCY: Who's he talking to?

CHUCK: Robotnik. I could only record one side of the conversation.

SNIVELY: Yes, Sir. We will continue the search.

SALLY: Drood Henge. There's something familiar about that name.

CHUCK: It was a royal family secret.

SALLY: R-Really? But I was never told.

CHUCK: You were only five when Robotnik took over. It concerns the legendary Deep Power Stones, capable of incredible power or incredible destruction.

SALLY: Nicole, access information on Drood Henge.

NICOLE: Access denied, Sally. Time encoded lockout.

CHUCK: Your father inserted many programs into Nicole. Some are time-locked until you come of age.

SALLY: But that's 2 years from now. In the meantime, we've gotta find this "Drood Henge".

CHUCK: Before Robotnik does. The idea of that fiend having such awesome power...

(Scene Change: Robotropolis, Robotnik's Command Center)

ROBOTNIK: *laughs* Hmm...

Robotnik examines the pages of a book

SNIVELY (via hologram): Oh, good news, Sir! I've found the first scroll.

ROBOTNIK: Excellent, Snively. Keep searching. I've nearly translated their language.

SNIVELY: Yes, Sir.

ROBOTNIK: Input this data.

(Scene Change: Hot Springs.)

SONIC: Well, Big Guy, is this cool or is this cool?

TAILS: Way, way past, Sonic.

SONIC: You and me Tails. This is our secret place.

TAILS: Cool!

SONIC: But ya gotta be careful around here. **picks up a rock**

SONIC: Check this.

Sonic tosses the rock, which hits with a "boom" & a green cloud

TAILS: Whoa. That's awesome.

** large airship flies over them**

TAILS: **gasps** Wow! That thing's huge.

SONIC: One of Robotnik's freighters. Let's check it out.

(Scene Change: Tails & Sonic are on a cliff, watching Robotnik's bots.)

TAILS: What is it, Sonic?

SONIC: They're lookin' for somethin'.

TAILS: Sonic!

SONIC: Man, I hate those orb-heads.

TAILS: No problem-o. I gotta plan.

SONIC: Yo, Tails! What plan?

TAILS: Bullseye!

SONIC: That was cool, Big Guy. But next time you have a plan, check with me first.

Teamwork is a big part of being a Freedom Fighter.

TAILS: Okay, Sonic. Uh oh!

SONIC: Still ticking.

TAILS: Hmm. Sal said it's...it's the red one.

SONIC: Way to go, Tails.

(Scene Change: Robotnik's Dig Site, Control Center)

SNIVELY: Orb surveillance malfunction, sector 4. SWATbot patrol, check and report.

SWATBOT: Affirmative. On route.

(Scene Change: Back to Sonic & Tails)

SONIC: Looks like they found something. I'm goin' in for a close-up. Wait here.

TAILS: Sonic, I wanna go too.

SONIC: Sorry, Big Guy. Solo time.

TAILS: Why can't I go?

SONIC: Too dangerous down there. Hey, Freedom Fighters always follow orders right?

TAILS: Right.

SONIC: Cool. Outta here!

SONIC: Hmm. Wonder what's in that box.

TAILS: **gasps** Sonic! Oh, no...

TAILS: Sonic, look out!

TAILS: **is grabbed** Sonic!

SONIC: Tails!

TAILS: Sonic! Help!

[End of Act 1]

(Act 2 Opening Scene: Robotnik's Dig Site)

Tails sees a SWATbot carrying a strange box as he is hauled away

Sonic is following the 'bot that has Tails & runs into SWATbots

SONIC: Whoa! Guys, we gotta stop meetin' like this.

SWATBOT: Hedgehog, priority one.

SWATBOT #2: Surrender, hedgehog.

SONIC: You talkin' to me?

SWATBOT #2: Surrender.

SONIC: Nah! This hedgehog never gives up. Gettin' late. Outta here!

(Scene Change: Robotnik's Dig Site, Control Center)

SWATBOT: Intruder captured, Sir.

SNIVELY: Not now. I have a bigger game in mind.

TAILS: Sonic's gonna get you, Slop-ly

SNIVELY: Quiet, you little twerp.

(Scene Shift: Back to Sonic)

SONIC: **laughs** Yes! Am I cool, or am I cool?

SONIC: Whoa! **back-flips over the SWATbots** Ciao, 'bot-heads!

SONIC: Cool. **uses airjets in his sneakers**

SNIVELY: Where -is- that rotten hedgehog? What was that?

SONIC: Que pasa, Snortly?

SONIC: That means "What's up?"

SNIVELY: Take the hedgehog!

Sonic jumps down & grabs Snively

SNIVELY: Hold your fire, hold your fire!

SONIC: Good boy, Snobbly. **pats him on the head**

SONIC: How 'bout a tour?

SNIVELY: Tour?

SONIC: Yeah. Let's start with the ol' power station. Now, tell Chrome-dome to release Tails.

SNIVELY: Release the prisoner.

SONIC: You okay, little buddy?

TAILS: No problem.

SONIC: Tell them all to return to stations.

SNIVELY: Return to stations!

SONIC: The hedgehog is way, way past cool.

SNIVELY: The hedgehog is way, wa...huh? Hey.

SONIC: Gotcha, Snobbly.

TAILS: Cool.

(Scene Change: Sally is flying on Dulcy's back)

DULCY: Sally, we're running out of trees.

SALLY: I don't understand. Sonic -always- does his training missions in the Great Forest.

DULCY: Well, we've covered the whole enchilada. What now?

SALLY: **sighs** Let's keep searching.

(Scene Change: Robotnik's Dig Site, Power Station)

SONIC: Hey, Slime-ly! How do we shut down the power station?

SNIVELY: I'm afraid it's rather complicated.

SONIC: -Un-complicate it.

TAILS: I can do it, Sonic. Sally's been teaching me.

SONIC: You sure, fella?

TAILS: Yeah.

SNIVELY: The little twerp will never figure it out.

SONIC: Don't bet on it, Snobbly.

TAILS: It's a grid inter-lock...

SNIVELY: *(heard in the distance)* Don't touch it.

TAILS: No problem-o. Got it!

SONIC: Yo! the ol' lights are still on!

TAILS: Give it a Sonic second.

SONIC: Mondo cool, Big Guy. It's rip 'n' roar time.

Sonic speeds away with a screaming Snively

SONIC: Enjoyed the quality time, Slime-ly.

TAILS: **laughs**

SONIC: Oh, and give our worst to the big, round guy. Ciao!

SNIVELY: Oh, "the big, round guy" won't like this at all. Oh, I hate my life.

(Scene Change: Robotropolis, Robotnik's Command Center)

SNIVELY (via hologram): Sir?

ROBOTNIK: I've translated the ancient language, Snively. What is going on here?

SNIVELY: The, um...the hedgehog was here, Sir.

ROBOTNIK: The hedgehog? When!?

SNIVELY: Last night, Sir.

ROBOTNIK: And...you're only telling me -now-?

SNIVELY: He destroyed the power station, Sir; it just came back online. But I found the second scroll!

ROBOTNIK: That was fortunate timing, Snively. Transmitting translation key. I'm leaving immediately to personally supervise the dig. Have everything ready!

(Scene Change: Sally is -still- flying on Dulcy's back)

Dulcy is snoring

SALLY: Dulcy!

DULCY: **snorts** What? (half-asleep) Don't worry, ma, I cleaned the cave.

SALLY: It's Sonic.

DULCY: Sonic? Where?

SALLY: Three o'clock, westbound. He's headed home.

DULCY: Music to my ears. Going down!

(Scene Change: Robotnik's Dig Site)

Robotnik's Hoverunit lands. Robotnik exits & is greeted by Snively.

SNIVELY: Sir! Sir! I used your translation to read the scrolls...

ROBOTNIK: And?

SNIVELY: I've located the chamber.

ROBOTNIK: Hmm. It's about time.

SNIVELY: (mumbling) You rotten bag of slime.

ROBOTNIK: Did you say something, Snively?

SNIVELY: I said "now is the time", Sir.

(Scene Change: Knothole)

DULCY: Ouch! Oh. I could sure use a chin pad.

SALLY: Sonic, I've got...

SONIC: Sally, I've got...

SALLY: What?

SONIC: You first.

SALLY: I have bad news

SONIC: Mine's worse.

(Scene Shift: Inside Sally's Hut)

SALLY: ...and Nicole has the information, but won't release it until I come of age.

SONIC: Say what?

SALLY: Until I'm 18.

SONIC: Yo, Nicole.

NICOLE: Sonic, my main hedgehog. What up?

SALLY: I hate when she talks like that.

SONIC: Ro-butt-nik's diggin' for the ol' D. P. stones. So, what happens when he finds them?

NICOLE: They'll power the Doomsday Project and all life could end, as we know it.

SONIC: Which means Sal would never come of age.

NICOLE: You got it.

SONIC: Then what's the point?

NICOLE: Hmm. Evaluating. Further delay does not compute.

SONIC: Any year now, Nicole...

NICOLE: Access granted. Generating hologram.

SALLY: Very good, Sonic.

SONIC: That's all I get, is a "very good"?

SALLY: Well how about "stupendous!"

SONIC: I can live with that.

KING'S VOICE (via recording): Sally, these are the Deep Power Stones.

SALLY: Daddy?

KING'S VOICE: Joined together this way, they're a source of limitless energy. Reverse them, and within 30 seconds they become a source of destruction. The Deep Power Stones are hidden at Dood Henge. This book is in the secrets vaults of the Royal Library; it will give you the location. There you will find these three scrolls. They disclose the location of the Deep Power Stones. Nicole knows the language.

TAILS: Sonic, I saw that one!

SALLY: You did? Where?

TAILS: We saw Robotnik find it at some dig site in the Great Unknown.

SALLY: You took Tails near Robotnik?

SONIC: Well, I...

SALLY: Never mind. I don't wanna know. Nicole, apply translation to the box with the sun symbol.

NICOLE: Box contains scroll revealing location of first Deep Power Stone.

SALLY: Then Robotnik has the first stone! If he gets both, he'll have the power for the Doomsday Project!

TAILS: Is...is that bad?

SONIC: Afraid so, Big Guy. If he gets both stones, we're history.

[End of Act 2]

(Act 3 Opening Scene: Robotnik's Dig Site)

SNIVELY: This is very exciting, Sir.

ROBOTNIK: Yes, well, we'll see, Snively. We'll see. Open it!

bots remove a stone lid

ROBOTNIK: Ahh...that's it! Step aside there! Oh my. Yes.

(Scene Change: Knothole)

TAILS: (from a distance) Sonic! Sonic, wait up!

Tails lands next to Sonic & gives him a box

TAILS: Rotor said to be careful; the paint's not quite dry.

SONIC: No prob.

SALLY: Sorry, Tails. This mission is too dangerous.

TAILS: Huh? But I thought...

SONIC: -I- told him he could go, Sal.

SALLY: Sonic, he's ten years old.

SONIC: Hey, he's passed three tough Freedom Fighter tests. I was doing solo missions when I was ten.

SALLY: Uh-huh. Right. Without permission.

SONIC: He can come with me. I'll be responsible.

SALLY: *laughs* That'll be the day.

SONIC: Excuse me?

SALLY: Fine! -You- be responsible.

SONIC & TAILS: Way cool!

DULCY: Oh, look; he's growing up.

SALLY: (to Dulcy) Yes. I guess he is.

SALLY: (to Tails) Just be careful, honey, and do what Sonic says. Okay?

TAILS: Okay, Aunt Sally. Promise.

SONIC: Let's kick it.
SALLY: Good...luck!
SALLY: Alright, Dulcy. Let's go.
DULCY: *sniffles*
SALLY: Uh, Dulcy?
DULCY: This is so touching. *cries*
SALLY: *sighs* Oh boy...

(Scene Change: Robotnik's Dig Site)

ROBOTNIK: Release the surveillance Orbs. You're out there somewhere, hedgehog. I can feel you.

TAILS: Come on. Come on. A little closer. Come on. That's cool.

Tails runs with the box & an Orb follows him

ROBOTNIK: All units, surround Sector 5. Wait for my command.

ROBOTNIK: (to himself) Run little Freedom Fighter; lead me to the hedgehog.

DULCY: Oh...good job, Tails.

Dulcy uses a mirror to signal Sally.

SALLY: He's on his way.

SONIC: Outta here!

TAILS (loudly): Sally found it, Sonic!

SONIC: Way past!

ROBOTNIK: What?!

SONIC: I knew she would, Big Guy!

NICOLE: Calculating directions, Sonic. Take 4 steps forward.

SONIC: 1...2...3...4. This is it.

ROBOTNIK: All units...stand by.

SONIC: Got it!

TAILS: Great! I'll go tell Sally.

ROBOTNIK: All units! The hedgehog has the stone! Get it!

SONIC: Buttnik's loosin' his touch. They should have been here by now.

bots appear and shoot at Sonic

SONIC: Ahh. That's more like it! Hedgehog juicin' on the fast track!

SALLY: Right on schedule. Let's find Dulcy.

SONIC: *shouts*

SWATBOT: Priority hedgehog, surrender!

SONIC: I surrender, I-I surrender.

Sonic pulls out a Power Ring

SONIC: Just kidding! Later!

ROBOTNIK: Get him. Get him!

ROBOTNIK: (to his ship's Brain Bot): Launch the ship! Heat sensors. Scan hedgehog's projected path.

BRAIN BOT: Scanning...

SONIC: Man, the stupid SWATbots lost me! Come on. Come on... *waits impatiently*

BRAIN BOT: Heat source located. Profile matches hedgehog. Inputting coordinates.

ROBOTNIK: Launch Stealth Bots! All units, converge on broadcast coordinates. Hold your fire! I want that stone!

SONIC: Whoa! Man, they're cuttin' it pretty close. That's it. Getting warmer.

Stealth Bots fly over & beyond Sonic

SONIC: Cold again. Come on Ro-butt-nik; you're slipping, man.

SWATbots appear

SONIC: Getting hotter. Now you're cooking!

Sonic runs and then waits for until Robotnik's ship to land in front of him

SONIC: Hey!

the various bots catch up

SONIC: Ho-hum. Surrounded again. Some things never change.

SONIC: (in a funny voice) Here comes the dramatic entrance.

ROBOTNIK: You're surrounded, hedgehog. I suggest you give me the stone.

SONIC: (aside) Now for the dramatic reply...

SONIC: No way, Robuttnik! If I can't have it...

ROBOTNIK: No, no, no, hedgehog. Don't do it! Don't do it!

SONIC: ...no one can.

Sonic tosses the fake Power Stone into a lava pool. Stone goes "boom".

ROBOTNIK: NO!

SALLY: It's Sonic!

ROBOTNIK: No matter, hedgehog. I may not have the Power Stone, but I -do- have you.

SONIC: I don't think so big, round guy. *whistles* Taxi!

SALLY: Crack the whip, Dulcy!

DULCY: Cracking!

TAILS: Cool!

ROBOTNIK: What is...?!

SONIC: Ciao, baby!

Robotnik growls & Sonic laughs as the Freedom Fighters fly away on Dulcy

(Scene Change: Near the Dig Site)

SONIC: Got it!

Dulcy, Tails & Sally dance & cheer

TAILS: Yeah, Sonic! We did it!

SONIC: Thank you.

Sally opens the box & gets the scroll

SALLY: Nicole, scanning mode please.

NICOLE: Scanning. Displaying location, Sally.

SALLY: *laughs* I don't believe it!

SONIC: What?

SALLY: It's right here.

SONIC: Where?

SALLY: Here! *points*

SONIC: Cool. Stand back, guys!

Sonic uses a Sonic Spin to dig where Sally had pointed

SONIC: Bingo, ringo!

Everybody cheers

SALLY: All this power... We should destroy it.

SONIC: I dunno, Sal; it might come in handy. We're going up against the Doomsday Project.

SALLY: You're right. I have to hand it to you Sonic; that fake stone plan was brilliant.

SONIC: Brilliant? Come on, it was mondo stupendo.

SALLY: **laughs** You may be "mondo stupendo", but you are certainly not humble.

SONIC: Moi? Not humble? I don't think so! After all, it wasn't -my- plan.

SALLY: What? But I thought that...

SONIC: Ladies and...ladies...meet the Plan-meister, the way, way cool Big Guy!

Tails laughs

SALLY: Tails, you're amazing.

DULCY: Oh. **sobs** Oh, this is so touching.

SALLY: Three cheers for our newest Freedom Fighter!

SONIC: Hip, hip...

SALLY, SONIC & DULCY: Hooray!

SONIC: Hip, hip...

SALLY, SONIC & DULCY: Hooray!

SONIC: Hip, hip...

SALLY, SONIC, TAILS & DULCY: Hooray!

Tails laughs

Camera irises out on Tails
